**Akademie der
Wissenschaften
zu Göttingen**

Within the project "Digital Academy" of the Academy of Sciences and Humanities at Göttingen, two positions are available as of 01.01.2022 or later for

Student assistants (with degree) (m / f / d)

to be filled with up to **40 hours of monthly working time**.

Your tasks
• Work in the field of curation of research data, system administration and development of digital applications and interfaces to support research projects in the humanities.
• Participation in the implementation of standards and solutions for the long-term provision of research data and applications from the field of the digital humanities.

Your profile
• Degree (BA) in computer science or another subject (e.g. humanities) with corresponding knowledge in computer science
• Experience or knowledge of system administration (Linux, Docker) and / or application development, XML / TEI, XSLT, SWT
• Good German and/or English language skills, knowledge of programming languages, e.g. Phyton, PHP or similar
• Knowledge of or interest in the field of digital humanities
• careful way of working, good communication and teamwork skills

We offer
a committed and motivated team with flexible working conditions and the opportunity to gain valuable experience in a very popular work environment.

We will be happy to answer any questions you may have about the project:
Dr. Jörg Wettlaufer, Telefon: 0551 39 37047 oder jwettla@gwdg.de .

Please send your application by email to jwettla@gwdg.de by December 15, 2021.

The academy aims to increase the proportion of women in areas in which women are underrepresented and therefore encourages qualified women to apply. It also sees itself as family-friendly and promotes the compatibility of science / work and family. Severely disabled people will be given special consideration if they are suitable.

Travel and application costs cannot be reimbursed.

We would like to point out that the submission of the application constitutes consent under data protection law to the processing of your application data by us. You can find more information on the legal basis and data use at: https://adw-goe.de/ueber-uns/datenschutzerklaerung/ .
